

The #911-30 Bradford Retail Display, shown here, has a single Eyeball Light w/ a 30-40 watt bulb and 2' electrical cord. The #911-60 Bradford Retail Display has two of these fixtures.

The contractor will have to provide adequate power and switching to the lights in these retail units in accordance with local codes.

It is the factory expectation that power be provided from the ceiling and that the switching be integrated into the overall lighting scheme of the salon.

The Bradford Retail are shipped fully assembled.

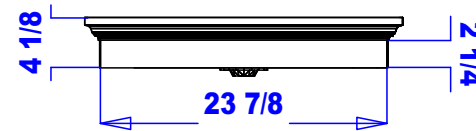

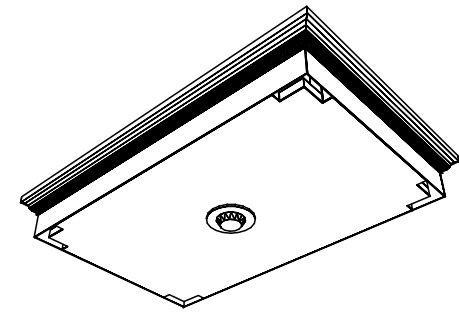

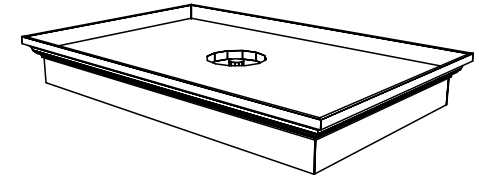

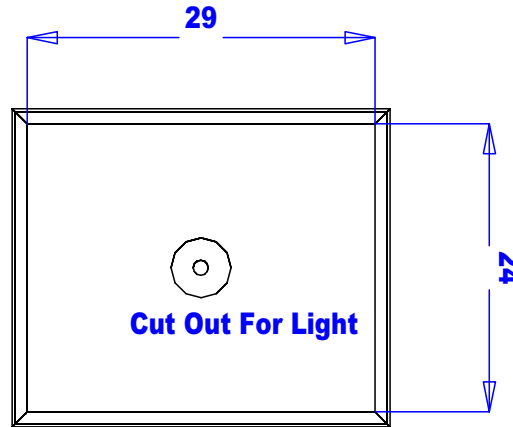

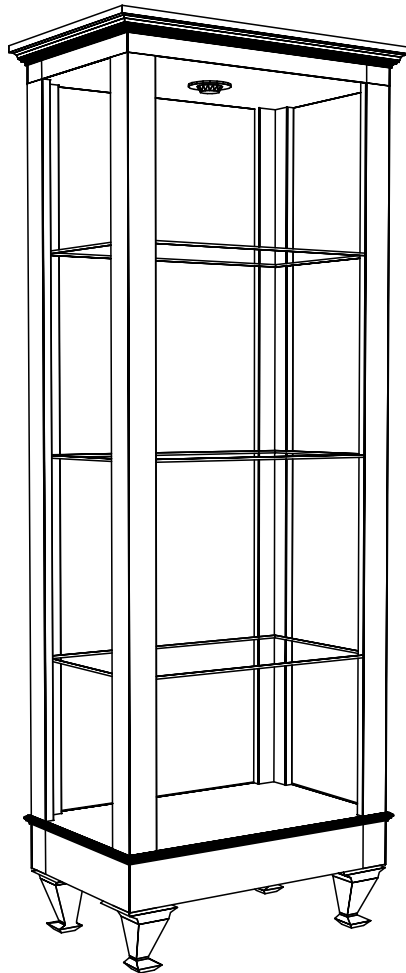

Finish Schedule -

Face Color -
 Top Color -
 Toe Color - Black
 Pulls -
 Interior -
 Other (Specify) -

Installation Notes:

1. All hardware needed for assembly is included.
2. Large items are preassembled at the factory to ensure proper alignment. Items are then disassembled into manageable sections for shipping purposes and ease of reassembly.
3. Shipping cleats need to be removed before installation. These cleats are installed to prevent damage.
