Chrome armrests and an upholstered seat with stitching detail are what make the Arrojo Styling Chair so uniquely extraordinary. Clean, straightforward lines are accentuated by the rich detail in this chair.

Simple in design, but highly functional in every area of client satisfaction, the Arrojo Styling Chair is a salon masterpiece. Urethane armrest pads add comfort and durability. Elegant in stature, this chair will look stunning in any salon décor.

Arrojo Signature Optional

“I wanted the design to be simple, because simple design is timeless. That’s how our salon is designed —

SIMPLE, MODERN, ELEGANT.

Obviously the chair had to meet my performance expectations as well, so the most important elements were form and function.”

— NICK ARROJO

WHY PARTNER WITH BELVEDERE?

Simple really. Belvedere has great heritage in the industry, is synonymous with quality hairdressing products, and has been an innovative business leader for many years. I knew I was partnering with a top-notch company and I'm delighted that we can work together on this fantastic new chair.

WHAT WAS YOUR INSPIRATION?

The hairdressing chair is one of the most important elements of hairdressing and it's an incredible opportunity to custom-design a chair that suits our aesthetic, fits perfectly with our salon space and that goes well with my personal style.

WHAT THINGS WERE YOU UNWILLING TO COMPROMISE ON?

"The chair had to be comfortable for the client to sit in, and comfortable for the stylist to work with. Some chairs are improperly designed and as stylists we end up banging our knees and legs, which is obviously not very helpful to our work! I also wanted to make sure that there weren't any parts of the chair that cords (from styling tools) could get stuck on or trapped around."

— NICK ARROJO
