NOTES ON MARVY BARBER POLES: Marvy Barber Poles have been manufactured since 1950 • Models 55, 66, 77 and 88 had cast aluminum mounting brackets until the mid '60s when they were built with aluminum channel mounting brackets • Models 33, 333, 405, 506, 607, 44, 99 and 824 were manufactured only with aluminum channel mounting brackets.

They can be found on a small metal plate located usually at the bottom of the barber pole mounting bracket.

MARVY Models 410, 405, 333, 55, 77, 88, and 824 are still being produced.

Paidar / KOCHS

Barber Poles on this page are no longer manufactured. Illustrated for identification only.

*With Minor Modification

MEASUREMENT OF GLASS CYLINDER

Keep in mind that approximately 1" of the glass cylinder is concealed within the caulking material (1/2" at the top, 1/2" at the bottom). If the cylinder measures 18", assume that the "true length" of the cylinder is 19".

When ordering striped inner cylinder, please note that plastic cylinders have a tendency to shrink in length. Give us code numbers on lower metal end.

 <p>KOCH 21</p> <p>Glass Cylinder 8" x 22" Inner Cylinder 6 3/4" x 22"</p> <p>Motor Type B Motor Mount Type D Top Globe 4" x 10"</p>	 <p>KOCH 948</p> <p>Glass Cylinder 6" x 17" Inner Cylinder 5" x 17"</p> <p>Motor Type B Motor Mount Type C Top Globe 4" x 8"</p>	 <p>KOCH 968</p> <p>Glass Cylinder 6" x 17" Inner Cylinder 5" x 17"</p> <p>Motor Type B Motor Mount Type C</p>	 <p>KOCH 909</p> <p>Glass Cylinder 8" x 19" Inner Cylinder 6 3/4" x 19"</p> <p>Motor Type B Motor Mount Type D Top Globe 4" x 10"</p>
	 <p>IDENTIFYING YOUR MOTOR</p> <p>Paidar and Koch poles were manufactured with either Type A or Type B motors. (See Illustration) All Marvy and Koken poles use Type A motors.</p>	 <p>KOCH 2</p> <p>Glass Cylinder 8" x 22" Inner Cylinder 6 3/4" x 22"</p> <p>Motor Type B Motor Mount Type D Top Globe 4" x 10"</p>	 <p>KOCH 910</p> <p>Glass Cylinder 8" x 22" Inner Cylinder 6 3/4" x 22"</p> <p>Motor Type B Motor Mount Type D Top Globe 4" x 10"</p>

The William Marvy Company maintains an inventory of replacement parts for every Marvy Barber Pole ever made.

Replacement inner cylinders, glass outer cylinders and motors are available for just about any other barber pole manufactured since the turn of the century.

... While the trend these days

has been toward planned obsolescence, we at the William Marvy Company are committed to our product line and our customer satisfaction. We are a family owned and operated business in our third generation. Our service department offers a complete barber pole restoration service including re-enameling porcelain barber poles.
