

# PARAGON® BRAVURA INFRARED PROCESSOR

Model No. E4000

Before installing and using this unit, please carefully review these instructions. Please keep this available for future reference.

Electrical: 110-120V, 900W, 50-60Hz

## 1 UNPACKING

Please unpack carefully from the carton. This is an electromechanical device and should be handled with care.

**BE SURE TO REMOVE ALL PACKING FILLER INSIDE BEFORE APPLYING POWER TO THE UNIT.**

If an item appears to have been damaged in shipment or transit, replace it properly back in its carton and notify the shipper for further instructions. If any components are missing, contact your distributor immediately for parts service and support.

The shipping carton is the safest container in which the unit may be transported. Save it for possible future use.

## 2 SERVICE

If the unit requires repair, service, and/or parts, please contact the Factory Service Center toll free at (888) 731-6688 or via email at [customerservice@garfieldint.com](mailto:customerservice@garfieldint.com).

## 3 INSTALLATION

### 3.1 PLACEMENT

To prevent damage to the unit when raised, the unit should be placed at a minimum distance of 6-8 inches from the wall.

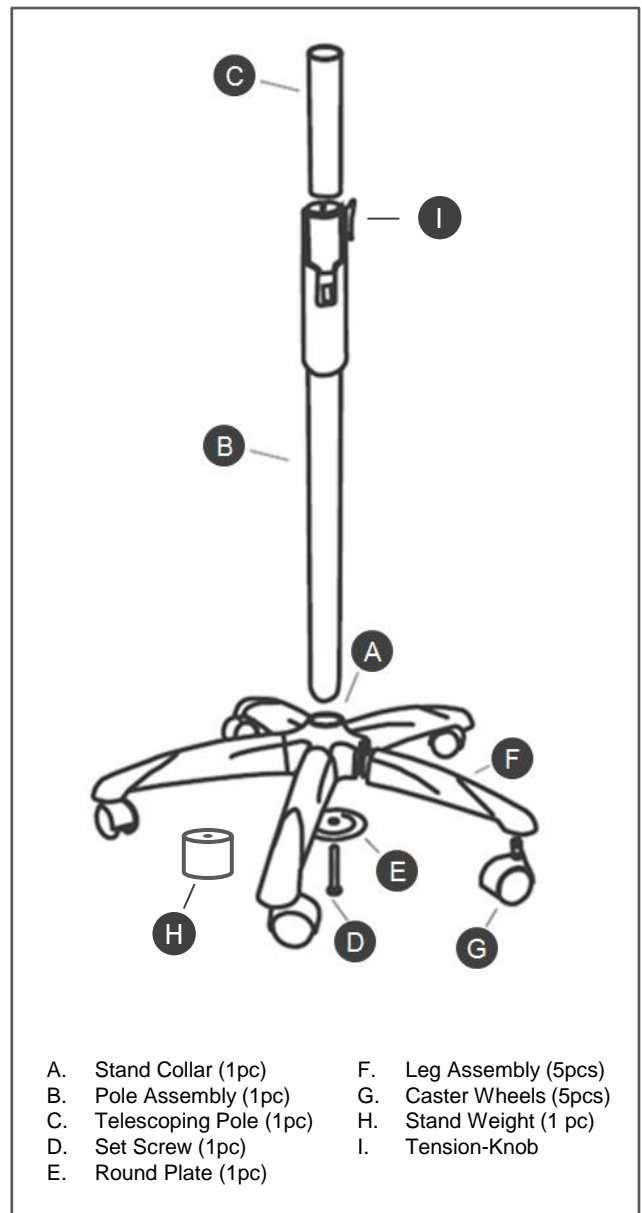

### 3.2 ASSEMBLY

- i. Twist & push-in one caster wheel onto the end of each leg assembly.
- ii. Slide each leg assembly with wheel into the stand collar.
- iii. Place the pole assembly at the center of the stand collar. Secure with the set screw by threading the screw through the round plate & the stand weight and into the bottom of the pole assembly.
- iv. Check for loose or wobbling parts. If the stand is wobbling, continue to tighten the center set screw until the stand is firmly assembled.
- v. Loosen the tension-knob located at the top of the pole assembly by turning counter-clockwise.
- vi. Insert the telescoping pole into the pole assembly and secure it into position by turning the tension-knob clockwise.
- vii. Carefully place the appliance-head onto the telescoping pole and completed rollerstand assembly.

**CAUTION! DO NOT COMPRESS THE SPRING LOCATED IN THE TELESCOPING POLE UNTIL THE APPLIANCE HEAD IS ASSEMBLED TO THE STAND.**

FIGURE 1. ASSEMBLY & PARTS LIST

## 4 DOUBLE-INSULATED

This appliance is equipped with a Class II double-insulated cord. The plug must be plugged into an outlet that is properly installed and grounded in compliance with all local codes and ordinances.

### DANGER

IMPROPER USE OF THE PLUG CAN RESULT IN A RISK OF ELECTRIC SHOCK. CHECK WITH A QUALIFIED ELECTRICIAN OR SERVICE PERSONNEL IF YOU ARE UNSURE AS TO WHETHER THE PRODUCT IS PROPERLY INSTALLED. DO NOT MODIFY THE PLUG PROVIDED WITH THIS APPLIANCE. IF THE PLUG WILL NOT FIT THE OUTLET, HAVE A PROPER OUTLET INSTALLED BY A QUALIFIED ELECTRICIAN. IF REPAIR OR REPLACEMENT OF THE CORD OR PLUG IS NECESSARY, CONTACT THE FACTORY SERVICE CENTER.

### 4.1 DOUBLE-INSULATED ELECTRICAL APPLIANCE

This appliance is for use on a nominal, 120-volt circuit and is a Class II double-insulated electrical appliance.

### 4.2 EXTENSION METHODS

If it is necessary to use an extension cord, use only a three-wire extension cord that has a three-blade grounding plug and a three-slot receptacle that will accept the plug on the appliance. A damaged cord must be repaired by qualified electrician or replaced by the Factory Service Center.

This appliance is equipped with low wattage heating elements for safe drying and energy efficiency. Do not tamper with the timer or thermostat.

NOTE: Temperatures may vary depending on the output of the outlet used.

## 5 OPERATION

THIS UNIT IS FOR COMMERCIAL USE ONLY AND INTENDED FOR LICENSED PROFESSIONALS ONLY. PLEASE CHECK TO SEE THAT ALL KNOBS AND SWITCHES ARE IN THE OFF POSITION PRIOR TO CONNECTING TO POWER.

APPLIANCE SHOULD ONLY BE USED ON A STURDY, FLAT SURFACE. THE ROLLERSTAND IS INTENDED TO STAND ON THE FLOOR. DO NOT PLACE ON ELEVATED SURFACES LIKE TABLES, ANTIFATIGUE MATS, RUGS, AND ETC.

PROTECT EYES FROM DIRECT, PROLONGED EXPOSURE TO INFRARED RADIATION. IN THE CASE OF EXTENDED DIRECT EXPOSURE OF EYES, CONSULT WITH A DOCTOR IMMEDIATELY.

### WARNING

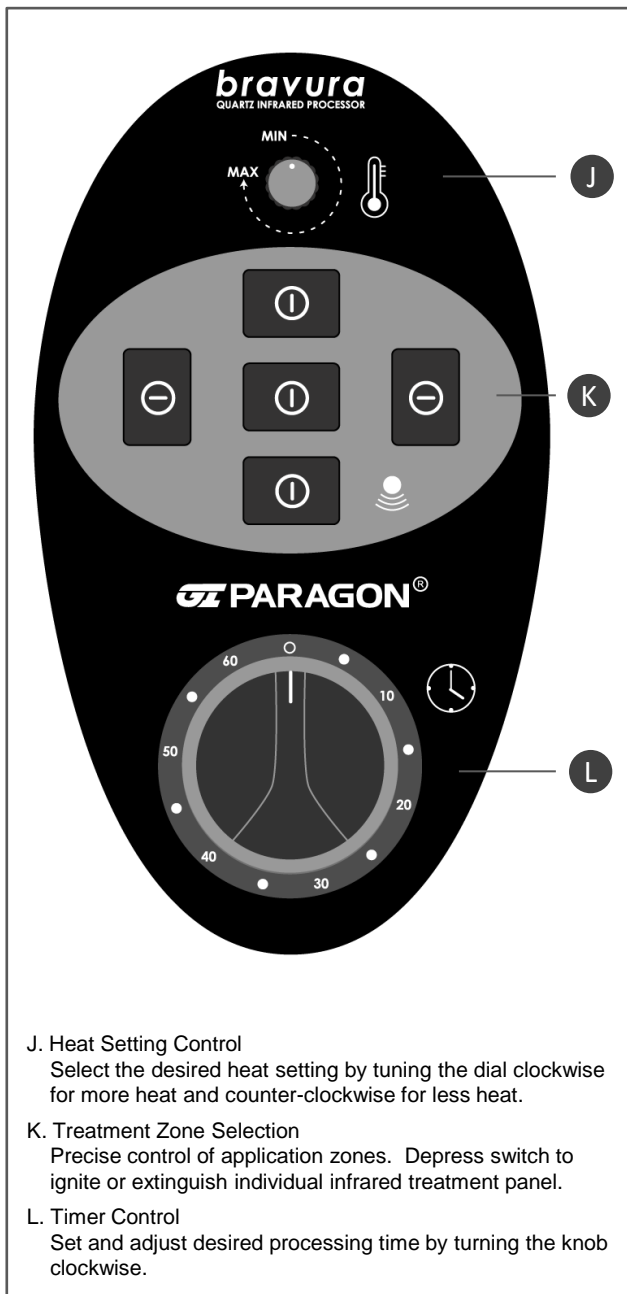

NEVER USE THIS APPLIANCE NEAR BATH TUBS, SINKS, OR OTHER WATER CONTAINERS. WATER POSES A SERIOUS HAZARD, EVEN WHEN THE APPLIANCE IS OFF. DO NOT LEAVE APPLIANCE CONNECTED TO POWER SUPPLY AFTER USE IN THE BATHROOM OR NEAR WATER CONTAINERS.

## 5.1 PROCESSOR OPERATION

- Adjust the appliance to a comfortable height for the seated client.
- Set the desired heat setting.
- Set the desired time.
- Select the application zones by igniting/extinguishing infrared lamps using the individual switches.

Note: heating elements/ lamps do not illuminate during operation.

PROCESS	Thin Hair	Normal Hair	Coarse Hair
TREATMENT	8 min	10 min	20 min

PROCESS	Light		Strong
FOILS	10 min		10 min

PROCESS	Color Treated	Other Processed	Strong
CONDITIONING	6 min	8 min	10 min

## 7 MAINTENANCE

For best results, inspect the unit each week and clean if necessary. Cleaning is simple and quick.

### 7.1 CLEANING

This appliance may be cleaned using a soft cloth moistened with water or a mild cleaning agent. Do not use abrasive cleaning agents containing acetone or alcohol. Prior to cleaning, unplug the power cord.

### 7.2 PROLONGED STORAGE

If the appliance will not be used for a period of time, please unplug and store appliance in a cool/dry area.

## 8 OWNER'S RESPONSIBILITY

The purchaser and/or operator is responsible for:

### 8.1 SUITABILITY

Determining the suitability of the appliance(s) and its intended use.

### 8.2 ROUTINE SAFETY INSPECTIONS

Performing routine safety inspections-inspecting merchandise and testing critical safety features before each day's use. If merchandise is in need of repair, return the equipment for inspection and repair. Please call in for a RA (Return Authorization) number.

### 8.3 OPERATOR EDUCATION

Ensuring that all users and/or employees receive proper training before allowing them to operate equipment.

### 8.4 OBLIGATION

In order to obtain warranty service, the product must be delivered to and picked up from the manufacturer at the user's expense, unless specifically stated otherwise in this warranty.

## 9 WARRANTY

Processor motors, heating elements, thermostat, hoods, timers, and other components are warranted for one year against manufacturer defect unless failure is caused by negligence.

Please consult for warranty terms for full details.

# IMPORTANT SAFEGUARDS

## READ ALL INSTRUCTIONS BEFORE USING

Caution and proper procedures must be practiced at all times when using electrical appliances. As with most electrical appliances, electrical components in this appliance are electrically live even when the switch is in the off position.

## DANGER – KEEP AWAY FROM WATER

### ATTENTION

#### To reduce the risk of electrocution:

1. Always unplug after use.
2. Always unplug before cleaning and removing parts.
3. Do not place or store where processor can fall or be pulled into a tub, sink, or other water receptacles.
4. Do not use while bathing or immersed in water.
5. Do not use near or place near water.
6. If appliance falls into water, unplug immediately. Do not reach into water.

### WARNING

#### To reduce the risk of burns, electrocution, fire or injury to persons:

1. This product is for commercial use only.
2. Only connect with an outlet with rating equal to or exceeding the rating of this appliance.
3. Firmly connect the electric cord to the outlet to ensure proper grounding.
4. Connect this appliance to a properly grounded outlet only. See grounding instructions (Section 4).
5. Do not permit children to play on or operate your appliances.
6. Do not permit persons who are unfamiliar with the proper operation of your appliance to operate it.

7. Appliances should never be left unattended when plugged in.
8. Close supervision is necessary when this appliance is being used by or near children and persons with special needs.
9. Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
10. Never operate this appliance if it has a damaged cord or plug; if it is not working properly; if it has been dropped or damaged; dropped into water. Return the appliance to an authorized service center for repair or replacement.
11. Keep cord away from heated surfaces.
12. Never block ventilation openings or place the appliance on soft surfaces, such as bed or couch, where the air passage may be blocked.
13. Clean and maintain the processor once a week and keep the ventilation openings free of lint, hair, and debris.
14. Never use while sleeping.
15. Never drop or insert any object into any opening, hose, hole, shaft, or duct.
16. Do not use outdoors or operate where aerosol(spray)products are being used or where oxygen is being administered
17. Do not direct hot air towards the eyes or other heat sensitive areas.

## CAUTION

RISK OF ELECTRIC SHOCK, DO NOT OPEN!

CAUTION: TO REDUCE THE RISK OF ELECTRICAL SHOCK, DO NOT OPEN COVERS. NO USER SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

## PRECAUCION

RIESGO DE CHOQUE ELECTRICO. ¡NO ABRIR!

PRECAUCION: PARA REDUCIR EL RIESGO DE CHOQUE ELÉCTRICO, FAVOR NO ABRIR LA CUBIERTA. ESTE EQUIPO NO CONSTA DE PIEZAS O PARTES QUE REQUIEREN SERVICIO O MANTENIMIENTO. PARA REPARACIONES FAVOR REFERIRSE A
