

# the Flex-Rest™ Facecradle

## Flexible Platform Facecradle

The revolutionary **Flex-Rest™** self-adjusting facecradle flexes and pivots to adapt to the unique shape of a client's face. The patent pending Flex-Rest base incorporates pliable connective material, which flexes under pressure to create the optimal pivot points to suspend your client's face in a cradle of comfort. When combined with our **Form-fit™** Memory Cushion, the lightweight **Flex-Rest** conforms to each and every face shape and size, reducing sinus pressure and eliminating pressure points.

### Patent Pending Flex-Rest™ Platform

- Reduces/eliminates pressure points with a pliable platform section, which bends and pivots under pressure to provide optimal support angles.

### Luxurious Form-fit™ Memory Cushion

- Quality viscoelastic memory cushioning with a high density support layer.
- Upholstered in buttery soft, eco-friendly Natursoft™ material.

### Lightweight and Compact, Perfect for Portables

- Single cam lever for easy height and angle adjustments.
- Planetary gearing provides incredible locking strength.
- No bothersome "chin" bar.
- Folds compactly to fit into all Earthlite portable tables.

#### STANDARD FEATURES:

- Flex-Rest suspended pivot platform with pliable connective material
- Form-fit™ Memory Cushion with Natursoft™ Upholstery – 100% PU in sixteen colors
- Single Cam lever, planetary gearing
- Fits 8" on center outlets
- Package includes Flex-Rest Platform and Form-fit memory cushion
- CE Mark
- Lifetime Limited Warranty

#### OPTIONAL FEATURES:

- DuraTouch™ Upholstery

# the Caress™ Facecradle

## Self-Adjusting Facecradle

The innovative **Caress™** self-adjusting facecradle incorporates eight patent pending **Soft-Petal™** suspension pads. These Soft-Petals are designed to flex and balance independently to create a cushiony molded platform to perfectly cradle a client's head. The **Form-fit™** Memory Cushion incorporates memory foam into a sleek pad which maximizes the cradling effect. Together, the Caress conforms to the contours of every face shape and size, eliminating pressure points and reducing sinus pressure better than any facecradle on the market today.

### Patent Pending Soft-Petal™ Technology

- Patent pending suspension pads flex and balance independently under pressure.
- Dramatically reduces sinus pressure and pressure points.

### Luxurious Form-fit™ Memory Cushion

- Quality viscoelastic memory cushioning with a high density support layer.
- Upholstered in buttery soft, eco-friendly Natursoft™ material.

### Low Profile Planetary Gear Locking Mechanism

- Infinite and easy height and angle adjustments.
- No annoying "chin bar".
- Incredible locking strength with single cam lever.
- Folds away under table for minimal intrusion to therapist.

#### EARTHLITE FACECRADLES
