Please refer the diagrams to remove jet covers for cleaning

Gulfstream Inc. highly recommends the following cleaning regimen. You should always contact your local governing agency for their specific cleaning and disinfecting requirements and regulations for pedicure spas. For your clients safety, always use the regulations as a minimum standard for cleaning and disinfecting. Combining your states standards with the regimen listed below will provide your clients with a safe and healthy pedicure spa environment experience.

Routine maintenance:

Powdered cleansers or abrasives are **NOT RECOMMENDED**. A clean towel or sponge, are all that are usually needed. A soft bristled brush may be used when excessive residue is present. Use a mild soap and water solution to clean the upholstery, but do not over wet. Wipe dry with a clean towel. No internal maintenance of the spa components are necessary. Remove clean jet caps and spray with disinfectant after each use. For extra protection, our recommendation is that the system be flushed daily or weekly depending on use. To flush the clean jet system fill the spa with hot water to just above the jets. Add disinfectant. Run whirlpool for 15 minutes, drain and then wipe dry with clean soft cloth.

NOTE:

Cleaning or sanitizing is NOT disinfecting. According to the Centers for Disease Control and Prevention (CDC), and the US Environmental Protection Agency (EPA), disinfecting occurs only when there is a reduction of pathogenic microbes at 99.999%. Sanitizing is only a reduction of 99.9%. Cleaning of whirlpool pedicure spas requires surfactant and chelating detergents that are low-foaming and have the ability to remove body oils, organic oil additives, mineral oil, skin cells, nail clippings etc. that can accumulate both in the basin and the jets which may become a fertile area for micro organisms to grow.

The use of oil based products can build up in the whirlpool system, causing clogging in the jets. Adherence to the above cleaning will minimize build up. Gulfstream Inc. does not recommend the use of mineral oil based products.

TESTING/FLUSHING FOOT SPA

After the foot spa has been installed, fill tub with water just above the jets. Carefully check for leaks at the drain and motor mount. After checking underside for leaks, turn on system by pushing whirlpool button and watch for leaks as water circulates. Let tub run full cycle. Open drain plug for water discharge.

Cleaning The Magnet Jet (Step by Step)

Warning

- Do not run Cleanjet® MAX without water. This will **void** your warranty
- Do not place two wet ends in the same bowl when cleaning the jet's strong magnets could cause **injury** (pins your fingers)
- Do not attach two wet ends to each other. Doing so will cause breakage to wet ends and will **void** the warranty

Magnet Jet Components

1. Pull Magnet Jet Cap off from the Retainer Plate in the pedicure bowl.
2. Remove blackheaded banana plug from outside rim.
3. Turn the Top Cover off the Magnetic Jet Cap counter-clockwise.
4. Separate the three components of the Magnetic Jet Cap: Top Cover, Magnet and Back Cover.
5. Wash each component of the Magnetic Jet Cap in a recommended or high quality solution or cleaning agent.
6. Reassemble the Magnet Jet Cap using the following directions:
 - Put the Magnet, with the three circles facing upwards, in the center of the Back Cover.
 - Take Top Cover and place over Magnet, offset pre-drilled holes on the outer edge, twist Top Cover, clockwise with Back Cover until holes are aligned, push in banana plug.
 - Remount the Magnetic Jet Cap over the white pegs on Retainer Plate in pedicure bowl so that the banana plug is at the top.

Gulfstream warrants to the original purchaser that the new pedicure spa will be free from defect during the Standard Warranty Period (listed below). The shipping date and the uniquely-coded Serial Number on the back of each spa chair will justify the start of the warranty period for the product. The warranty is null and void if the pedicure spa is taken from its initial place of installation, or it is not installed in accordance with federal, state or local codes and ordinances. Also, this warranty does not apply if the pedicure spa has been subject to misapplication, improper installation or maintenance, negligence, improper cleaning or other circumstances beyond Gulfstream's control.

Warranty

1. Limited Three(3) Years warranty on Spa Shell.
2. Limited One(1) Year warranty on the Whirlpool Pump.
3. Limited One(1) Year warranty on the Clean Jet.
4. Limited One(1) Year warranty on the Glass Bowl.
5. Limited One(1) Year Parts-Only warranty which covers the Hydraulic System, Discharge Pump, Massage System and All Electrical Components.
6. Gulfstream will pay standard shipping charges on all replacement parts during the first 90 days of the stated Warranty Period. After 90 days the consumer is responsible for all labor and shipping costs incurred.

Exclusions

1. Damage to pump parts and/or motor parts due to obstruction in plumbing lines etc.
2. Staining, fading or discoloration of plastic surfaces due to exposure and/or the use of harmful cleaning agents or chemicals.
3. Staining, fading or discoloration caused by improper or poor water additives not related to the maintenance of proper water are not covered by this warranty.
4. Staining, fading or discoloration of the seat, armrests or footrests.
5. Freight damage, misuse, neglect, accident, natural disaster and abuse.
6. Unauthorized repairs.

Service

1. The Dealer shall forward all warranty-related matters to our Customer Service Department.
2. Serial Numbers and Original Invoice must accompany all warranty claims.
3. Customers are responsible for shipping defective parts back to Gulfstream. These parts must be packaged correctly in order to protect against any further damage.
4. All parts are to be shipped by UPS Ground Service, average 2-5 days.
5. All defective parts must be shipped back to Gulfstream within 30 days of receiving the new replacement parts or warranty will be void.
6. Any warranty claim that cannot be determined over the phone, the customer must send photos and original invoice directly to Gulfstream before any repairs can be performed.
7. Any service performed on the product without Gulfstreams authorization will also void the Warranty.
8. Each service call from the customer will be assigned a Claim Number. The Claim Number will stay open until the problem is resolved.

No dealer or other person has any authority to bind Gulfstream Inc. to changes or additions to this warranty or its products. Accordingly, Gulfstream Inc. Is not responsible for such warranties or representations.
