

MANIREST

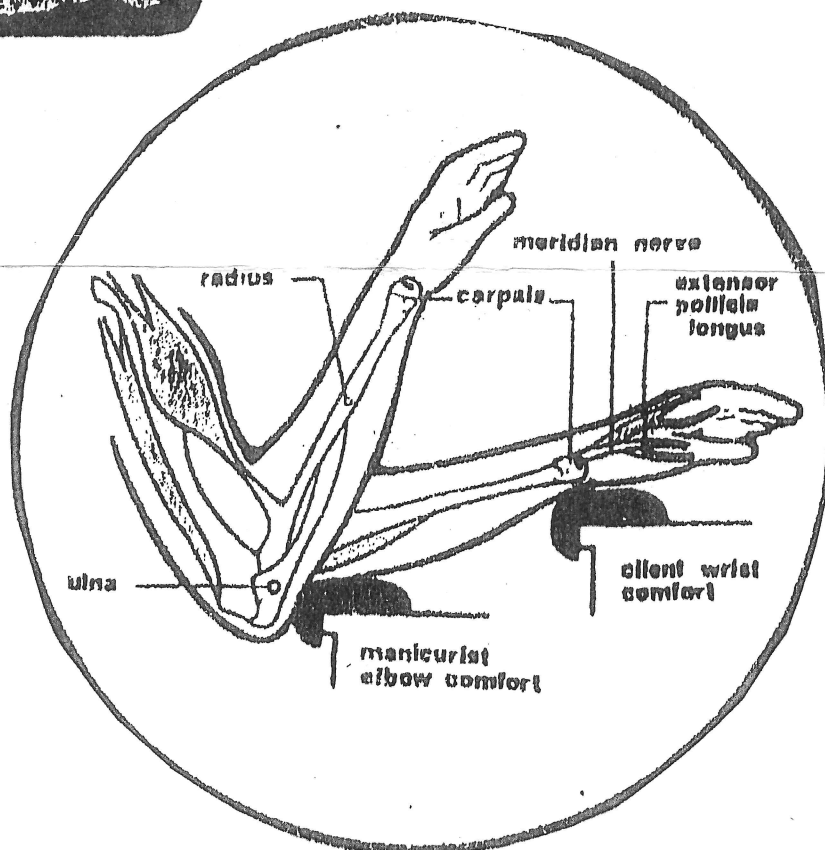

990 ANGULAR ARM & WRIST MANICURING PAD

ORIGINAL DESIGN!
PATENT PENDING

OBJECTIVE

Thousands of people suffer daily from the effects of continuous wrist motion while sitting at the manicurist table. The Pibbs angular Arm & wrist manicuring pad helps alleviate the tunnel syndrome. It increases customer comfort and nail technician productivity. By elevating the wrist and keeping it straight it reduces pressure on the meridian nerve.

ADVANTAGES

- Maximum confort for client
And technician
- Eliminates table-edge pressure
Marks-does not irriate skin
Preventing unnecessary fatigue
- Washable and easy to disinfect
- Sanitary-does not support
Bacterial growth
- Self-skinning poly urethane foam
