

Side-mounted TOOL Panel not shown

 Collins Manufacturing 2000 Bowser Road Cookeville, TN 38506		
Title: J24 JAVA BARBER UNIT		
Size: NTS	Drawing Number:	Drawn By:
Date:		Sheet

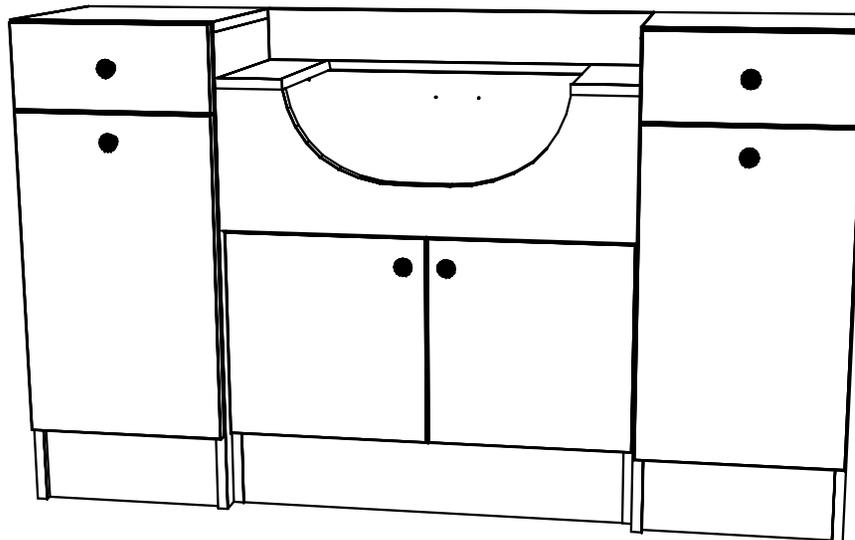

This item is attached to the wall with wood screws. 3" wood screws and decorative washers are provided for wood framed walls. Fasteners for other wall types are to be obtained locally. Screw through the back panel in locations which will be inconspicuous after installation. Suggested locations include: under shelves, behind drawers, and locations hidden by products or supplies.

Back splash is to be attached to the wall with screws and/or construction adhesive depending upon the wall type and finish. If screws are used, locate them in inconspicuous locations if possible. Seal any joints between the counter top, splash, and wall with clear silicone.

Counter top joints and seams in proximity of sinks, shampoo bowls, or pedicure basins are to be sealed on-site with clear silicone caulk to prevent water intrusion and damage.

All plumbing work is to be performed by a licensed plumbing contractor and to be performed in accordance with all applicable state and local codes.

Side-mounted TOOL Panel not shown
